SUMMARY

Motivated Computer Applications student seeking to begin my career as an Associate Technical Support Engineer, leveraging my technical foundation and problem-solving skills to deliver efficient customer and system support.

PROJECT

MERN Stack Social Media Application
· Developed a fully functional social media web app using MongoDB, Express.js, React.js, and Node.js.
· Implemented user login, post sharing, and real-time updates.
· Strengthened understanding of API integration, server handling, and database connectivity.

SocialBook – Facebook-style Web UI
· Designed an engaging front-end using HTML, CSS, and JavaScript.
· Focused on responsive layout, UI design, and interaction effects.

Ganpat University Landing Page
· Created a responsive landing page using HTML, CSS, and JavaScript.
· Enhanced UX with animations, transitions, and optimized page load performance.
